

For a Better Future . . . DON'T Vote for more Scandals and Corruption

Gov. Dennis Daugaard

- Continues to deny he knew anything about the EB-5 program under Rounds, but after being investigated by FEDs he discontinues a program he claims he knew nothing about.

- Continues to gut public education like his predecessor, while wasting millions on failed job recruitment programs.
- Refuses to accept Medicare money which would boost the economy in over \$200 million in Federal Funds. Feels the working poor don't deserve it.
- As Lt. Governor he ran Children's Home Society which received millions in contracts from the state to illegally place Native children in white foster homes, in which several of them got raped.

Former Deputy SOS & Blogger Pat Powers

- Resigns his position after being discovered having conflicts of interest running a campaign consulting business while working in the SOS office.
- Continues to blog and peddle lies for Daugaard, Rounds, Jackley & Noem.

US Congresswoman Kristi Noem

- Voted for the shutdown of the Federal government, costing businesses, Federal employees and taxpayers billions of dollars.
- Helped to delay the farm bill which cost SD Ranchers millions in disaster assistance.
- Family farm has received millions in farm subsidies.

Former Governor Marion Mike Rounds

- Continues to deny he knew anything about the cover-ups and fraud in the EB-5 Scandal, and goes as far to lie about how 'successful' it was, while the current governor has dis-continued the program.
- Besides the EB-5 scandal as governor he handed out millions in no-bid contracts to campaign contributors, gutted public education funding, gave tax money to foreign oil companies, increased the state's FTE's by 1000 and had to have a state law passed by initiative to prevent him from continuing to use state airplanes for private use.

SOS Jason Gant

- Had to hire a Democrat consultant temporarily to assist him in the past major state election after his deputy resigned in a conflict of interest scandal.
- Continues to suppress the reservation vote even though the state has had thousands of dollars in reserves from the FEDs to improve it.
- Continues to push for E-Poll books which is just pay back to the state Republican Party campaign contributors.
- Allowed his former Deputy SOS, Pat Powers to run a campaign consulting business while serving in that position, and didn't think there was any conflicts.
- Continues to apply different campaign rules to Independents and Democrats then to Republicans. Often uses 'absence' of law as an excuse.
- Was forced to not run again by his party, even though he was the incumbent, only to be replaced by a candidate who may operate the office in an even less transparent and citizen friendly way.

South Dakota Attorney General Marty Jackley

(Insiders call him the 'Silver Fox')

- Appointed by Rounds, ran in next election as a 'fake' incumbent
- Assisted in reducing charges in the Mette rape case in which Native American foster children were illegally placed in a white foster home.
- Cleared former Deputy SOS Pat Powers and SOS Jason Gant of any wrongdoing by investigating them for a crime he knew they didn't commit, stealing from the state. The accusations were about conflicts of interest, not fraud.
- Refuses to release the Richard Benda's suspicious death report.

Rounds Communications Director, Mitch Krebs

(Shantel Krebs husband)

- Continues to peddle the EB-5 lies for Rounds while bringing his wife into the inner circle of corruption.

SOS Candidate Shantel Krebs

- As a state legislator she suggested putting monitoring devices on vehicles to tax people for mileage instead of fuel to generate revenue to fix roads which would unfairly tax people who drive lighter more fuel efficient cars.
- She thinks the initiative and referendum process in SD should be unconstitutional, which wouldn't allow citizens to petition their government on the ballot anymore.
- A proud ALEC member like the current SOS which pushes anti-citizen and pro-corporate model legislation in state government.

**WE CAN DO
BETTER
SOUTH
DAKOTA!**
